

## Oak Class – Remote Learning Schedule - Week 6

### Art – Expressionism

Write a short biography of Matisse and the impact of three people who were important in the development of his art. Present this in the form of a booklet.

Investigate the meaning of “Fauvism” and copy three examples of it in miniature describing the similarities and differences between the pictures you have chosen.

### French

Practise the name of some clothes in French including colours and sizes.

<https://classroom.thenational.academy/lessons/describing-clothes-with-colour-and-size-chhk2r>

### History – Tudor Exploration

Describe the navel expeditions of Sir Walter Raleigh from Europe to North America. Draw a map of the world to show which countries he visited and the routes that he took.

### Maths

Monday - <https://vimeo.com/516637261> - Use Ratio Language  
Tuesday - <https://vimeo.com/516637615> - Ratio And Fractions  
Wednesday - <https://vimeo.com/516637994> - Introducing The Ratio Symbol  
Thursday - <https://vimeo.com/516638393> - Calculating Ratio (no activity sheet)  
Friday - <https://vimeo.com/516638886> - Calculating Ratio

Watch the teaching videos by following the links and answer the questions from the activity sheets uploaded to the website. Copy the questions into your books or print the activity sheet.

## **Science - Properties and changes of materials**

Understand what happens to the behaviour and arrangement of particles when they are heated or cooled.

<https://classroom.thenational.academy/lessons/what-happens-when-you-heat-or-cool-each-state-of-matter-68w3at>

### **Daily Core Tasks**
