

YEAR 3/4 – REMOTE LEARNING – WEEK 6

Art – Leonardo da Vinci

How did Leonardo da Vinci become such a brilliant artist? Write a short biography about him and what he did to become the artist he was. What was important to him? How did he practice his skills and ensure he became so good at what he did?

Research the Sfumato technique and practice it yourself.

English

Listen to some Chinese music and examine these beautiful images:

<https://www.youtube.com/watch?v=rqZbR16Qs1o>

Ancient China was a country of wonder, ideas, and customs. Research pictures of Ancient China, including customs and traditions.

Look at pictures of traditional Chinese flowers such as, Chinese Rose, Peony, Lotus, Plum Blossom and native trees, such as Dawn Redwood, Dove Tree, Golden Larch, Gingko and Cathaya.

Research animals of the Chinese Zodiac.

Produce an information booklet, poster or display about Ancient China, including information about the ideas above and any other ideas you have discovered.

French

Describing yourself in French, counting to 12, saying your age, saying the months of the year, the month your birthday is in and saying your name, age, birthday.

Maths

Monday: <https://vimeo.com/486513593> Multiplying 2-digit numbers by 1-digit numbers (1)

Tuesday: <https://vimeo.com/489850121> Multiplying 2-digit numbers by 1-digit numbers (2)

Wednesday: <https://vimeo.com/489844871> Divide 2-digit numbers by 1-digit numbers (1)

Thursday: <https://vimeo.com/489845622> Divide 2-digit numbers by 1-digit numbers (2)

Watch the teaching videos by following the links and answer the questions from the activity sheets uploaded to the website. Copy the questions into your book or print the activity sheet.

History – Romans around the world

Research: when was Julius Caesar assassinated? Why did it happen?

Research: Who was the first emperor of Rome?

Create an information document of your choice (poster, leaflet, PowerPoint) about **one** of the following:

- Who was Julius Caesar?
- Why was Julius Caesar assassinated?
- How and why was the first emperor of Rome appointed?

Science – States of Matter

Why is a method important?

<https://classroom.thenational.academy/lessons/why-is-a-method-important-c5j3qe>

What happens when you heat or cool states of matter?

<https://classroom.thenational.academy/lessons/what-happens-when-you-heat-or-cool-each-state-of-matter-68w3at>

Daily Core Tasks
