

Oak Class – Remote Learning Schedule – Term 1 – Week 4

Computing

Watch the video on the following link:
<https://www.youtube.com/watch?v=X9Htg8V3eik>

Design your own internet safety poster to make others aware of any dangers.

English

Write a poem on the theme of “Reflections”. This could be about an actual reflection – in a mirror, or water or a shop window. It could also be a poem about reflecting on something you have enjoyed or experienced. Remember that a poem does not have to rhyme.

Challenge yourself to make your poem no longer than ten lines.

History – World War 1

Find out why World War 1 started and which countries were involved. Produce a world map showing which countries were allies.

Maths

Complete the work that has been set for you on MyMaths.

Find two dice from a game at home. Roll them twice to make two, two-digit numbers. Add the numbers rolled together or subtract the smaller number from the larger one. Challenge yourself to multiply the two numbers together. Do this ten times.

Science

Investigate how the heart works and how blood circulates around the body.
Measure your heart rate after resting and after exercise.

Draw the heart, labelling each of its parts and explain how blood passes through it. Find out whether different types of exercise make your heart beat faster and why this might be. Add the explanation to your diagram.

Daily Core Tasks
